

PORTFOLIO

TANZTENDENZ MÜNCHEN E.V.

Rooms to rent for film and photo shootings

BY ARTISTS FOR ARTISTS – FOR NEARLY 40 YEARS

In 1987, five Munich-based choreographers founded the first association of independent dance professionals in Germany with the support of the City of Munich's Department of Culture: Tanztendenz München e.V. The association's goal was to improve production conditions for independent contemporary choreographers.

Today, with 24 members, Tanztendenz has become much more than just a studio collective. It is a place where art is created on its own terms: from within, with a long-term perspective and a focus on the future. Tanztendenz is a place where art is created on its own terms: from within, with a long-term perspective and a flexible focus on the specific needs of the artists. It is a place where art is created on its own terms: from within, with a long-term perspective, and with a flexible focus on the specific needs of the artists.

PHYSICAL INFRASTRUCTURE AS AN ARTISTIC RESOURCE

The beautiful rooms of an old Art Nouveau industrial building, located above the rooftops of Munich, offer a stylish alternative to traditional studio spaces. They feature winding, sloping ceilings and dormer windows with views of the Alps. The distinctive flair of the venue is enhanced by a meeting room, foyer and three spacious, light-flooded studios.

Tanztendenz is characterised by artistic independence and creative openness. This special atmosphere, combined with a central yet quiet location near the main railway station, also makes it an inspiring setting for film and photo shoots.

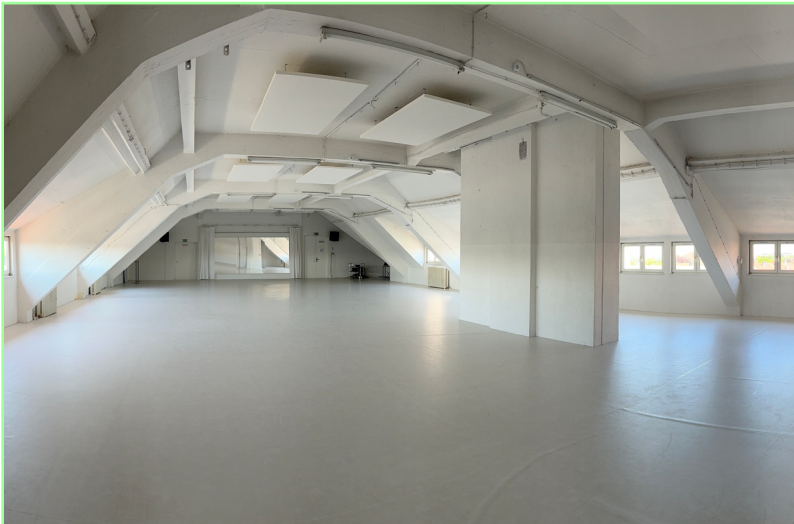

FOYER/CONFERENCE ROOM

THE DANCE STUDIOS

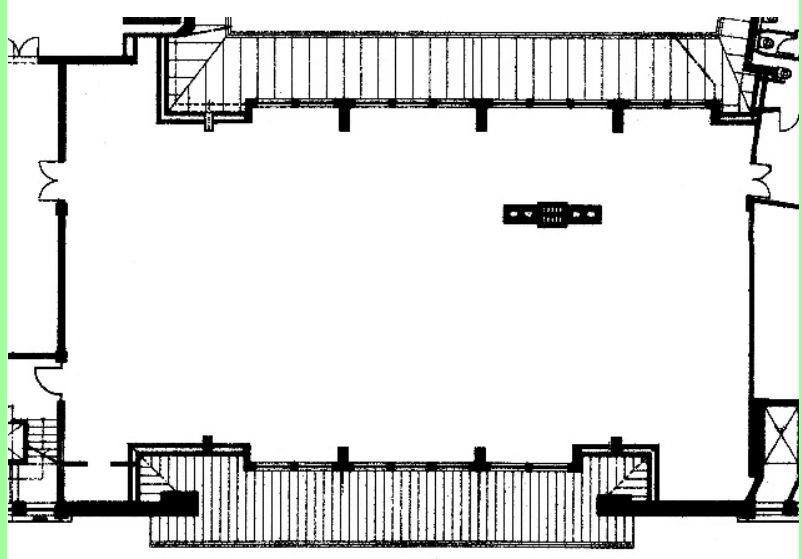

The studios may only be used with non-marking shoes or with the wearer barefoot. Alternatively, a carpet or similar protective covering must be laid. Drilling into the floor is not permitted.
